ANNEX D (LAW ENFORCEMENT)

I. PURPOSE

This annex describes how the county will ensure the protection of life and property during emergency situations.

II. CONCEPT OF OPERATIONS

A. Authority

The general welfare and protection of citizens during emergencies, both natural and man-made is the responsibility of the town, municipal and county law enforcement agencies as set forth in the local laws.

The Sheriff is the senior law enforcement officer in the county and has authority over resources in the law enforcement service during a major emergency. The Sheriff provides the law enforcement resources needed. If the incident is within the jurisdiction of a police chief, constable or marshal, the Sheriff and the municipal law enforcement official shall coordinate the law enforcement response.

B. Coordination

Prepare town, municipal and county law enforcement agencies and coordinate procedures, equipment and facilities. If county law enforcement resources are exhausted, the Sheriff coordinates mutual aid with the Emergency Police Services Area Director. **(See Attachment 2 for List of EPS Directors.)**

During the recovery phase, all agencies are expected to support continuing operations with equipment and staff.
